Area: Bermejo

Description: An off-plan opportunity with a difference! Most off-plan developments are on the coast, but this development of town houses with communal gardens and pool is in the charming village of Bermejo, just 10 mins from the beautiful lakes at El Chorro in rural Andalusia. Each house offers Lounge with dining area and fireplace. Kitchen with utility room and downstairs cloakroom. Main bedroom with ensuite shower room, 2 further bedrooms and a full bathroom. Parking area and terrace. The properties share over 1/2 acre of communal gardens and a swimming pool and offer tranquillity and quality of life with all mod cons. Possibly the best investment opportunity in the Valle del Guadalhorce. The houses have excellent letting potential, both long term and for holidays as they are situated in one of the most popular areas for climbing, walking, birdwatching and other leisure activities. 2 flexible payment plans are available. 1) 12,000 deposit. 750€ per month and the balance by cash or mortgage on completion and entry. 2) 3,000 deposit, 35,000 on contract and balance on completion in early 2008. A rare opportunity to enjoy country life and modern conveniences at a realistic price!
